

The Kipper Fans on the [Kipper Facebook group](#) know more fishy business than the webmaster.

Please note: this is a fan website and the webmaster has no contact, direct or otherwise, with Chris Sugden (rip) or Dick Nudds.

I get spam emails if I put my email here but you can contact me via my webdesign site if you really really need to: <https://www.greylizardwebdesign.co.uk/>
If you want to sell me something, don't contact me. Please mention it is about Kippers as many people expect me to just know that.
